

Budget the work. Keep every feature.

All IndexHalo tiers include the full feature set.

Choose the monthly search allowance that fits your routine.

Swipe for the next step →

Count complete searches

Questions × markets/languages × runs

One credit covers one complete search across selected available sources.

Swipe for the next step →

A simple plan

20 questions × 1 market × 4 runs = 80

This planning example fits Professional: \$49 USD/month for 100 credits, plus applicable tax.

Swipe for the next step →

An agency example

5 clients × 15 questions × 4 runs = 300

One market/language per question. Fits Business: \$129 USD/month for 300 credits, plus tax.

Swipe for the next step →

Protect the allowance

Monthly credits reset without rollover.

Separately held non-expiring credits remain distinct. Reading and exporting saved reports costs no new search credit.

Swipe for the next step →

Choose the right rhythm

Measure when the result will inform a decision.

Daily tracking and periodic investigations require different budgets.
